**President Mahama requests withdrawal of Private Member's Bill seeking to repeal  
Office of Special Prosecutor Bill**

President John Dramani Mahama has requested the Majority Leader and Majority Chief Whip in Parliament to withdraw the Private Member's Bill tabled for the repeal of the Act establishing The Office of Special Prosecutor.

The President's request follows his public expression of support for the strengthening of The Office of Special Prosecutor as a vital cog in the fight against corruption at a meeting with The Peace Council yesterday.

The President also reiterates his call on The Office of The Special Prosecutor to do more to boost public confidence in its work and frontally tackle corruption in line with the objectives informing the establishment of the office.
