PRESS RELEASE

SPECIAL YULETIDE OPERATIONS TO GET RID OF MISCREANTS WITHIN THE TAMALE METROPOLIS.

1. The Northern Regional Police Command, together with the IGP's Special Operations Team, has launched an intensified security operation aimed at confronting criminal activities within the Tamale Metropolis. The operation is intended to enhance public safety, uphold peace, and ensure that residents and visitors can carry out their daily activities without fear.
2. As part of this ongoing initiative, several intelligence-driven raids have been conducted in identified criminal enclaves across the metropolis. These efforts have resulted in the arrest of multiple suspects involved in diverse criminal offences. All arrested persons have been processed for court, with their cases currently before the Tamale Circuit Court.
3. During an operation conducted on Monday, December 1, 2025, one suspect engaged the police in a crossfire situation. The suspect sustained gunshot injuries and was later confirmed dead. The body has since been deposited at the Tamale Teaching Hospital for autopsy and further investigative processes.
4. The Northern Regional Police Command encourages members of the public to repose confidence in the Ghana Police Service as strategic measures continue to be implemented to combat crime, particularly drug-related activities, across the Tamale Metropolis.

SIGNED

C/INSPR. ALHASSAN LUCKMAN NIENDOW
